

Celebrate our School Leaders on Principals Day

Dear School Communities,

Principals Day occurs this year on Friday, August 2nd.

Our school leaders have an important and challenging job which has many priorities – at the head of the list is the education of Australia's children.

The first Friday in August is a day when communities around Australia can do a little something (it doesn't have to be much: a smile, a wave, a card, letter, morning tea ...) in recognition of their principals.

Maybe we can make the day a little special for our principals and school leaders – and in so doing, shine a light on the great places that are our Australian schools.

With very kindest regards,

Malcolm Elliott

President

Australian Primary Principals Association
